Recognizes and Names Numbers 1 to 15

Objective:
Student recognizes and orally names numbers 1 through 15.

Materials:
Number Cards, p. 37
Class Checklist, p. 39
Activity Sheet, p. 40

Student Task

Say:

> Today I will show you some cards. You will read the numbers.

Hold the cards in random order. Show the first card to the student. Say:

> Let's begin. What is this number?

Student responds.
Use the **Notes** column on the class checklist for recording the responses:
- Make a **+** if all the numbers are read correctly.
- List each number that is named incorrectly.
- For numbers that are self-corrected, make a • followed by the number.

Show the remaining 14 number cards and record each response.
